### **Activities**

Residents/Faculty/Other Health Professional speaking about Health Care Careers

Field Trips, i.e. Body World Anatomy Exhibits

Hospital, Medical Center, and other health related site tours

Viewing of virtual and video conferenced surgeries

Speakers about removing barriers and perceived barriers to attending college

Events are planned based on time allowed for outside activities by schools, some events are monthly and some are once or twice per year

Some events are in collaboration with other institutions who serve minority/underrepresented students
