

Overview

Overview of Electronic Prescribing of Controlled Substances (EPCS)

Workflow

There are very few changes with the ePrescribing workflow of controlled substances.

1. Place order from Orders page or Discharge Meds Rec

Allergies: No Known Allergies	Outpatient FIN: L20028577	72 [Visit Dt: 2/2/2016 1	Loc:LG Canc
Diagnoses & Problems	Search: percocet 10	Advanced Options 🖌	Type: Te Prescription

	Percocet 10 mg-325 mg oral tablet 2 tabs, Oral, every 6 hr, PRN as neede	d for pain, # 30 tabs	

- 2. Fill out all required order details
 - a. Note: Scheduled meds will now include an "Earliest Fill Date" field. This field can be used for writing multiple schedule II meds to be filled sequentially. This would allow for 3 separate prescriptions to be written, each for a 30-day supply

Dose	*Route of Adm	inis *Frequency	Duration	*Dispense 30 9

- 3. Verify the pharmacy is selected in the Send To field.
 - a. If patient preferred pharmacy is not enabled for EPCS, the pharmacy will not show in the Send To field.
 - b. An EPCS enabled pharmacy can be searched for by selecting the ellipses and searching for a local pharmacy. Only EPCS pharmacies will display in the search results when ordering a controlled substance.

5. Complete the Two-Factor Authentication Workflow using DUO

- a. Token Workflow
 - 1. Enter Network Password and six digit code from DUO Authenticator application on smartphone

Monthly EPCS Activity Report (see next page)

Providers will receive a monthly Message Center report listing all controlled substances that were prescribed electronically. Please review the report for any fraudulent activity (Ex: A controlled substance prescription is showing on the report for a patient you did not prescribe for). If any fraudulent activities are identified, these must be reported to Cerner and the DEA within one business day of discovery.
