<div style="background-color: #e0e0e0; padding: 2px;">Anonymous</div> The variety of patient diagnoses and treatment contributed most to my learning as a launchpad for discussion.		
<div style="background-color: #e0e0e0; padding: 2px;">Anonymous</div> Explanations were great!		
How might this clerkship be improved?

Text Response		
<div style="background-color: #e0e0e0; padding: 2px;">Anonymous</div> Trying to find a way Dr. Shepherd could have more time to talk through, discover, and show what she knows would be a great, albeit difficult, way to improve. I felt I learned the most when Dr. Shepherd was revisiting a topic that she wanted to know more about or when we both look for resources and talk through something we are seeing in clinic right now.
